

WILDFLOWERS

PRESCHOOL & CHILD CARE

"We don't rush childhood."

Dear Potential Wildflowers Parent,

Welcome to Wildflowers! Whatever brings you, we are glad you found us. As a parent you have many choices in the type of education your child receives. The following information will give you more insight into our philosophy, structure and how you can apply for our waitlist.

Childhood is the most important time in everyone's life. This is the time to plant the seeds for dreams and imagination. Our focus is on rhythm – through our daily activities and our experiences of nature. Children form a "community" that helps each other grow and blossom in our home-based program. We work and play with our friends through activities like gardening, painting, singing, seasonal projects, storytelling, puppet shows and games. English and Spanish are regularly spoken by our experienced and trained teachers who create a warm environment with a consistent rhythm.

Wildflowers is inspired by the principles and practices of Waldorf Early Childhood and is unique in the Treasure Valley as the only member of WECAN. As part of the international Waldorf community, we support the decades of research in developmental psychology which demonstrate that daily free play, handwork, and connection to nature are the most effective ways for young children to develop. Through these we promote the deepest kind of learning by encouraging children to become self-directed learners who explore, develop curiosity, problem solve and gain social/emotional skills. It also provides a strong foundation for abstract thinking which is crucial for future academic success. Children love daily access to our beautiful, interactive outdoor play area & gardens. There is Joy, Humor, Happiness & mud!

It is important to us that, together with you, we form a partnership of care for your child. We invite you to participate in our waitlist application process that is open year-round and can be made a year in advance. Please contact us for questions not answered in this document.

Warmly,

Laura Henning

DAILY RHYTHMS

Incorporating principles of Waldorf Early Childhood Education, Wildflowers provides ample time and space for joyful and creative play, Spanish language exposure, nature exploration, artistic expressions, and healthy snacks. It provides a caring environment that allows time and space for the wonders of the world around us. Simple, natural materials are used to develop imagination, concentration, coordination, language, and number skills that will be revisited in the elementary years. We are 100% media free and naturally focused. We are also all-weather people and are outside much of the day, every day!

Wildflowers is in a private home which has dedicated space which is separate from the family living space and with a lovely enclosed yard. We also enjoy easy access to Borah Park across the street. The blend of mixed ages (2.5-6) and temperaments creates a healthy atmosphere that enables children to develop lifelong, developmental skills. Wildflowers is a wonderful stepping stone from home life to school a home away from home.

MORNING CLASS

Free play inside or out

Daily Activity (painting, bread making, craft, food chopping etc.)

Clean-up, hand washing, bathroom

Morning snack

Circle time (includes Spanish, finger games, songs, movement)

Outside play, nature walk or park visit

Lunch

During the preschool years we seek to awaken and support the child's creative and playful nature and to nurture their sense of wonder and gratitude. The concept is fostered through the tasks of daily living which are fun and joyful. The children learn to become social beings, able to help and be helped by those around them. We try to model an atmosphere of gratitude, reverence and wonder for the children, believing that this, rather than our outer expectations for their good or polite behavior, will grow naturally in them.

With all this in mind, we offer children opportunities to participate in creative and practical activities: painting, baking, coloring, gardening, free play, games, songs, puppetry, story-telling, crafts and seasonal festivals.

AFTERNOON CARE

Afternoon Care is available for children over 3 years. It consists of lunch time, nap rest time, crafts, and indoor and outdoor play.

YEARLY RHYTHM

Wildflowers strives to build strong relationships with our families and the community through gatherings that may include: festivals, field trips, and parent evenings throughout the year in tune with the seasons and holidays.

A calendar is provided each year with scheduled breaks. We observe most Federal Holidays and generally follow Peace Valley Charter's calendar for major breaks and Boise School District for weather closures. Our handbook is given with enrollment.

Our "Consistent Care" Philosophy

"Drop and go" childcare does not allow children, caregivers, and parents time to build the relationships that are vital for children to feel safe and secure. Consistency is needed for these relationships to form and blossom so that children can truly thrive. Therefore, you will notice some deliberate differences in our program in comparison with many traditional preschool facilities. We ask offer consecutive schedules for our students and tuition rates are set with this in mind.

We do make exceptions from time to time, but in an ideal world, with the best interests of the whole school in mind, we prefer to hold to this scheduling consistency with consecutive days of care. For example, we don't offer M, W, F as a schedule option rather consultive days Th-F or Mon-Wed as an example.
